BRIEF ABSTRACT OF LETTER.

Requests to be empowered to break up the rates of scholarships to Mahomedan boys into smaller amounts than are now allowed, whenever necessary.

NOTES AND ORDERS.

Draft empowering is put up.

SN

2. The grant of scholarships is only by way of encouragement to the more deserving students of the Mahammadan Community, and it cannot

be expected that every one who applies should get a scholarship if otherwise eligible.

3 Mahamadan students have as a class, the Concession of half school fees, and it appears not quite necessary to increase the inducements held out to them.

4. The facts that the number of Mahamadan Schools has considerably increased and the number of mahomedan scholars as well, show that Mahomedans are not now the backward class that they once were. ~~If this is~~ This is an argument not so much for increasing the special facilities ~~the~~ now afforded, but for diminishing them in the light of altered circumstances.

5. Further every scholarship holder is entitled to free education in the schools & colleges, (vide rule 9) ~~and there~~.

6. If the power asked for by the I. G. is given to him, it will lead to an increase in the number of scholarship holders, and though the total amount granted as scholarships will ~~be~~ even then be only Rs 120/-

per measure, there will be a decrease in the receipts from School & College fees. For example, if the D. G. gives 2 scholarships of 2 rupees each to 2 D. A Students against one scholarship of Rs 4/-, each of the 2 scholarships will also be entitled to free Education, and though the Scholarship amount is only Rs 4/-, Govt would have lost the college fees of other additional Student.

The higher education of Mahomedans deserves special encouragement & the D.G.'s proposal may be sanctioned, though as pointed out it will involve a reduction of fee income.

The difficulty experienced by the D.G. is due to his attempting to give ~~the~~ scholarships to Students in the lower classes - some even below the 4th form - of whom there are a larger number of applicants although in the rules governing the grant of these Scholarships it is distinctly stated that in the distribution of Scholarships preference will be given to those studying in the higher classes and scholarships may be given in classes below the 4th form only when all the available Scholarships are not utilised in Colleges & High Schools. (Para. 4.)

It is thus seen that the rules contemplate the grant of scholarships ordinarily only in the higher classes & the extension to lower classes is ~~the~~ allowed only when there are not enough people in the higher classes. If as is seen from the Statement a fairly large number go into the higher classes as Intermediate & B.A. ~~the~~ the grant to Students in the lower classes should necessarily be reduced. OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

No. 3041 ---- Enc. 1 150

Bangalore, 27th August *1914*

DIARY No 142

From

RAO BAHADUR M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

C.S. Balasundaram Iyer, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education and Agriculture,
Bangalore.

SIR,

I have the honour to state that at present a sum of Rs. 140 (Rs.120 from the State Funds and Rs.20 from the Gumbuz Funds) is being allotted every year for awarding scholarships to Mahomedan boys. These scholarships are sanctioned by the Inspector General of Education under the rules in force, the rates being fixed by Government as shown below:-

B.A. Classes	Rs.7	per mensem
Intermediate classes	Rs.4	"
High School classes	Rs.3	"

The number of students that have applied for scholarships this year is 94, and I have been able to award scholarships ϕ to only 40 of them, as shown in the accompanying list. A good many of the applicants who were in every way eligible for scholarships had to be rejected owing to the limited amount available. I therefore request that the above-mentioned rates may be considered as maximum rates, and the Inspector-General of Education empowered to sanction scholarships of smaller amounts, whenever necessary, than those now fixed by Government. In this case, the amount of Rs.140 per month

available

available can be utilised to help a larger number of students than is possible at present.

I have the honour to be,

S ir,

Your most obedient servant,

Sd - Shamanna Rao

Inspector General.
